

## NEED TO FIND RAISER'S EDGE® CONSTITUENTS BY A ZIP CODE RADIUS?

- ➔ RecordRadar, a plug-in for the Raiser's Edge allows you to quickly find all your constituents within a specific geographic area.
- ➔ Search your Raiser's Edge database by a zip code radius
- ➔ Specify the central zip code
- ➔ Enter the radius for the search
- ➔ Quickly tell how many constituents are within the geographic area
- ➔ Automatically create a static query of all constituents within the parameters
- ➔ No manual entry or several queries to find results
- ➔ Find your constituents, alumni, or participants quickly and easily for mailings, events, reports, or analysis

*“I’ve done several runs with RecordRadar and it is fabulous! It is 100 times better than Mappoint and a million times better than looking up zip codes and manually typing them.”*

*– Cindy Filler, UND Alumni Association*

The screenshot displays the RecordRadar interface. On the left, a search window shows 'Zip Code: 29464' and 'Radius: 50'. Below this, a list of constituent types is checked, including Home, Billing, Business, Employment History, Former Address, Invalid, Relationship, Rental Property, and Retreat. A 'Save Static Query' dialog box is open in the foreground, with the following details:

- Query name: Records within 50 miles of 29464 (Mount Pleasant).
- Description: Records within 50 miles of 29464 (Mount Pleasant).
- Query format: Static
- Query Type: Constituent
- Other users may execute this query:
- Other users may modify this query:
- Create in: General

In the background, a window titled 'Records in Records within 30 miles of 29418 (North - The Raiser's Edge)' shows a table of results:
